

Friday in July: July 19, 2024 at Noon Virtually

**Navigating the Ethical Landscape: Leveraging A.I. in Clinical Practice
with Jessica Jackson, Ph.D.- Licensed Psychologist &
Founder of Therapy Is For Everyone Psychological & Consultation Services, PLLC**

This presentation delves into the ethical considerations inherent in harnessing artificial intelligence (AI) within clinical practice, exploring its transformative potential and ethical challenges. Here's a breakdown of what to expect:

- **Understanding A.I. in Clinical Practice:** We examine what AI looks like in the context of clinical practice, highlighting its role in augmenting human intelligence and enabling data-driven insights into human behavior.
- **Addressing Bias:** The presentation emphasizes the importance of addressing bias in AI tools, ensuring fairness and equity in clinical decision-making processes.
- **Informed Consent:** We discuss the critical aspect of informed consent when utilizing AI-supported tools, emphasizing the need for transparency and patient autonomy.
- **Ethical Responsibilities vs. Challenges:** Exploring the nuanced ethical landscape, we navigate the balance between ethical responsibilities and the challenges posed by AI integration, advocating for thoughtful consideration in decision-making.
- **Continued Dialogue:** AI is a dynamic field, and ethical considerations evolve alongside technological advancements.

We stress the importance of ongoing dialogue and adaptation to ensure ethical AI implementation.

Through practical examples, such as early detection of developmental delays and overcoming geographical barriers to accessibility, we illustrate the tangible benefits of AI in clinical contexts. Ultimately, this presentation encourages a thoughtful embrace of AI's potential to revolutionize behavioral analysis and clinical interventions while upholding ethical principles and maintaining a human-centric approach.

Fee: NCPA Members - \$30.00; Non-members - \$55.00

Buy all 3 Fridays in July (July 12, 19, and 26) for \$75.00 for members and \$150 for non-members.

Instructional Level: Intermediate

Educational Format: Lecture and Q&A

Learning Objectives:

By the end of the institute, participants will be able to:

1. demonstrate their understanding of ethical responsibilities and challenges associated with integrating A.I. into clinical practice by engaging in a structured discussion wherein they analyze hypothetical scenarios and propose ethical solutions and
2. articulate the importance of informed consent in the utilization of AI-supported tools in clinical settings and draft an informed consent protocol for integrating AI-driven tools into their own practice.

Instructor:

Dr. Jessica Jackson is an award-winning licensed psychologist and mental health equity advocate. She is the founder of Therapy Is For Everyone Psychological & Consultation Services, PLLC, a Houston, TX based mental health practice providing expert care and mental health start-up advisory services. Dr. Jackson is also the co-founder of the non-profit Communicating Race Fully, focused on teaching youth and their caregivers how to have conversations about race and racism. Her research has focused on reducing barriers to treatment for underserved populations. She is a regular media contributor and serves as an elected member of the American Psychological Association Board for the Advancement of Psychology in the Public Interest, Vice Chair of Therapist in Tech and Chair of the APA Mental Health Technology Advisory Committee.

Continuing Education Information: This workshop is sponsored by the North Carolina Psychological Association (NCPA). NCPA is approved by the American Psychological Association to offer Continuing Education (CE) for psychologists. NCPA maintains responsibility for this program and its content. **This workshop is offered for 1 hour of Category A ETHICS credit.**

Attendance Requirement for CE Credit:

To receive CE credit, you must attend the entire workshop. No credit will be given to participants who are more than 5 minutes late at the beginning of the workshop. You must be present at the close of the workshop and sign-in and sign-out. You may not be excused early. Partial credit is not provided.
